

Indre Pralataviciute Mineikiene

I was born in Kaunas, Lithuania. Now I am from Indiana state. I grew up with music and art. I studied art teacher and leather art. I also have been studying acting for seven years. My grand grandfather was “Kaunas national musical theater” scenic decorator. Maybe that’s why I love art, music and theater.

My theater “Indre’s puppet theater” three in one. Some times I’m using and showing old kind stories from Lithuania history. All decorations in theater are my art. All my dolls have unique character, style and function. Nice to see other people being happy when I’m playing in the theater with my created unique dolls.

Paper mache art. I have my style, my technique. My art is entertaining and unique.
